Vocational Spotlight - Horticulture

As part of our vocational curriculum offer, Trent View College students have the opportunity to study Horticulture. We have such incredible facilities including a polytunnel and raised beds, where students grow produce and learn skills in real life settings.

"It's a unique opportunity for students to be able to get hands on experience. We are very lucky to have such incredible facilities. There are no mistakes in gardening, just experiments" - Ceri Tiplady, Horticulture Tutor

"I'm totally psyched about Horticulture. It's good to learn all about the world of gardening!" - Riley (Y12)

Lincoln & York Coffee Visit

Our catering team had the incredible opportunity to visit the Lincoln and York Coffee Co. on Monday 15th January.

A huge thank you to the whole team at Lincoln and York for taking the time to show our students your incredible business and giving them the opportunity to learn about the process from start to finish.

"We visited the Lincoln and York coffee factory on Monday and WOW! It was absolutely fantastic! Our students were shown the full process of how the coffee beans are cleaned, cooked, flavoured, packaged and sent back on their way to customers. Our students were phenomenal, the level of engagement and involvement provided by the factory was outstanding. I am so proud of the students, they really did showcase themselves" - Harriet Wood, Catering Teaching Assistant & EHCA

"I really enjoyed it and I'm hoping that I can go again if I get the opportunity" - Alfie (Catering)
