Reflections from a brilliant first term at Trent View

"As we approach the end of our first term at Trent View, I would like to reflect on our achievements. It has been a real privilege to support our young people to transition into our wonderful building, this wouldn't have been possible without your willingness and belief. The students have been incredible, they have risen to every challenge and demonstrated patience when things haven't been quite ready.

The staff have worked tirelessly, working in the Summer holidays to ensure that the spaces were ready and that they had sufficient training to deliver our ambitious curriculum offer.

Many of you will know how long 'Trent View' has been in evolution, so for us to be spending our first Christmas in the building feels quite surreal. It is everything we hoped it would be, and much much more."

Sarah Parker
Principal

Following the roaring success of our first Christmas lunch, our students put on a spectacular show on Thursday for Trent View's Got Talent... and we have it in bucket loads!

Students performed a variety of different acts including singing, comedy and playing instruments.

It was a pleasure to see such confidence in our students and have everyone in the hall together to watch the show!

Thank you to all staff that supported our students to organise this event.

Trent View's Got Wheels!

Hugely exciting news to report! A car has been donated for our students to use as a learning tool within our motor mechanics workshop. This will be stripped for parts so that our students can learn about the different components that make up a car.

"Having a car will have a hugely positive impact on the learning opportunities for our motor mechanics students. It will give students real work experience opportunities" - Dave Gregory, Motor Mechanics Tutor

"I think it's really good that we have got the car. I'm excited to take the wheels off" - George, Motor Mechanics Student.

Wishing you a happy and safe Christmas and New Year.
College re-opens to students on Monday 8th January.
