Enrichment Afternoon

This half term our safeguarding focus is "Online Safety". We have recently had E-Safety day and what an opportunity it was to educate our students on all things relating to being safe both online and in the community.

We welcomed our local Police Officer PC Jordan Warrillow to speak to our students about safety and the students loved it!

E-Safety is incredibly important in our current climate and we are delighted to be able to work with different stakeholders to support our students to be safe both in an online and offline world. PC Warrillow delivered a talk to our students on safety and broke down barriers and misconceptions that our students had about the Police. It's so important to us that our students are able to recognise 'Safe Strangers'.

Our students were able to explore a police van, learn about how to keep themselves safe in the community and ask questions about the Police.

We are committed to working with local organisations to break down barriers and ensuring that our students are safeguarded in the community

Staff Spotlight - Our fabulous EHCAs

At Trent View College, we are so lucky to have an incredibly talented team of Education Healthcare Assistants who care and support with all health needs of our students.

Our EHCAs work tirelessly to provide high quality care and medical intervention to our students.

The role of EHCA involves compassion, skill and in-depth experience and we are blessed with individuals dedicated to delivering a level of care to our students that they would give to their own family.

We are proud to work with such incredible people and our students rely on their knowledge and expertise on a daily basis.

We are delighted to announce that Trent Brew is now open to the public.
10am - 2pm Monday-Friday
